Information Technology

We are excited to share that Endicott College will expand the use of Workday to incorporate Student functionality in March 2025! Workday will provide easier and more convenient access to your student's grades, tuition balances, class schedules, and more—all in one place. Once Workday is live, your student will need to add you as a Friends & Family contact and grant third-party permissions for each module. In the coming months, we will provide more information to both students and parents on how to set up your accounts and navigate Workday.

Internship & Career Center

Our annual Internship, Co-op & Career Fair, which will take place on Tuesday, Feb. 25, from 1:30-4 p.m. in the Post Center Field House, is coming soon! We anticipate 100+ companies will attend to recruit for internships, co-ops, and full-time opportunities in every major. Companies currently registered to attend include: Boston Celtics, Cell Signaling Technologies, Four Seasons Hotel Boston, Mass General Brigham, FIFA, New York Film Academy, Peabody Essex Museum, Eliassen Group, Abiomed, The Slam Collaborative, EF Education First, MFS Investment Management, Peace Corps, U.S. Secret Service and many more. Additional companies will be added as the date gets closer.

Before the fair, students are encouraged to take advantage of a number of drop-in events focused on preparing them for success at the fair. We offer several sessions on February 4, 12, 20, and 24, where we'll help your students perfect their resumes, plan what to wear, research the participating companies, and practice their networking pitches!

Parking & Traffic

As part of the college's ongoing efforts to enhance the student experience, we are adjusting parking availability for sophomore resident students beginning in the 2025-26 academic year.

To create a more sustainable and accessible campus, parking for sophomore resident students will be limited and assigned through a random selection process. More details, including the application deadline, will be shared soon.

Students who are not selected through the initial process will have an opportunity to apply for a waiver. Waivers may be granted for medical needs, off-campus employment, internships, clinicals, or other extenuating circumstances. The Center for Accessibility Services will review medical waiver requests for students requiring frequent off-campus appointments, while the Parking & Traffic Office will handle all other waiver requests. Students applying for an employment waiver must work a minimum of 12 hours per week.

For those not selected, we encourage them to explore the various transportation options offered by the college.

We appreciate your understanding and partnership in making Endicott a vibrant, connected, and accessible place for all students. If you have any questions, please reach out to the Parking & Traffic Office at 978-232-2227 or parking@endicott.edu.

Visual & Performing Arts

The Walter J. Manninen Center for the Arts is off and running with great art shows and performance events this winter. In the galleries, you can see two excellent shows. **Fran Forman, Suspended Realities: A 20-year Journey through Whimsy to Noir** is on display from Tuesday, January 21–Friday, March 14 in the Heftler Gallery. Fran creates imaginative scenes that blend reality with illusion, exploring themes of longing, disconnection, and hidden emotions. Her work has been inspired by magic realism and the complexities of everyday life, using light and shadow to reveal what lies beneath the surface. Fran Combines photography, digital painting, and AI, to carefully construct each image over time, drawing from her experiences in social work and activism. Influenced by artists such as Caravaggio, Edward Hopper and Gregory Crewdson, her art captures moments of mystery, solitude, and quiet reflection.

In the Spencer Gallery, catch **Student Ink: A Printmaking Showcase**, showing from Tuesday, January 21–Friday, February 21. This exhibit features an impressive collection of student work, including monotypes, drypoints, relief prints, screen prints, and letterpress pieces. It's a fantastic opportunity to see the incredible talent of our students showcased in a professional gallery setting. Come and explore the creativity and craftsmanship that make this exhibit truly special!
